

President's Message

April 2025

Hi,

It is finally Spring! The flowers are starting to bloom and the weather is improving.

For the month of April, the events on the calendar include a Movie Night on April 12, 2025 that will be a "*A Walk in the Clouds*" and Bingo on April 24, 2025. We will be collecting donations for the Palo Alto VA Health Center in the month of May. More information will be coming out at that time. Our drive last year was outstanding. I hope this year will be just as successful.

Just a few reminders this month:

Cape Cod Village Residents Association (CCVRA): The Association's objectives are to promote friendship and good fellowship among all residents. In order to do this, CCVRA will initiate social activities. The Association does not deal with any property management element; such as tree trimming, spa, pool, parking, etc. Please contact the office if you have any questions pertaining to Cape Cod Village.

Puzzle: Please try to work on the puzzle mat. This way the puzzle can be rolled up when there is an event in the Clubhouse. If the puzzle needs to be rolled up, please contact a board member.

Kitchen: Please remember that the kitchen is open to everyone. It is important that you do not leave your personal items there as they may disappear. The Association is not responsible for any items left there.

If you did not complete the directory update, please do so. We would like to have responses from all residents to have a complete directory.

The Recipe Box

Salmon Cakes

Costco Connection - March 2025

Instructions

Discard the salmon skin, flake the salmon with a fork and remove any bones, if needed.

Bring a medium skillet to medium heat. Add 1 Tbsp olive oil, 1 Tbsp butter, onion and bell pepper. Sauté for 7 to 9 minutes, or until softened and golden, then remove from heat.

In a large mixing bowl, combine flaked salmon, onion and bell pepper, breadcrumbs, eggs, mayonnaise, Worcestershire sauce, garlic salt, black pepper and parsley. Stir to combine, then form into 13 or 14 patties that are 1/3 inch to 1/2 inch thick.

Heat 1 Tbsp oil and 1 Tbsp butter in a large pan over medium heat. Once the butter is done sizzling, add half of the salmon cakes and sauté for 3-1/2 to 4 minutes per side, or until golden brown and cooked through. If salmon cakes brown too quickly, reduce heat. Remove to a paper-towel-lined plate. Add remaining 1 Tbsp oil and 1 Tbsp butter and cook the remaining salmon cakes. Makes 5 to 7 servings.

Ingredients

- 1 lb cooked salmon fillet
- 3 Tbsp olive oil, divided
- 3 Tbsp unsalted butter, divided
- 1 cup onion, finely diced
- 1/2 red bell pepper, diced
- 1 cup panko breadcrumbs or Japanese-style breadcrumbs
- 2 large eggs, lightly beaten
- 3 Tbsp mayonnaise
- 1 tsp Worcestershire sauce
- 1 tsp garlic salt
- 1/4 tsp black pepper
- 1/4 cup fresh parsley, minced

Recipe and photo courtesy of Natasha Kravchuk (notashaskitchen.com)

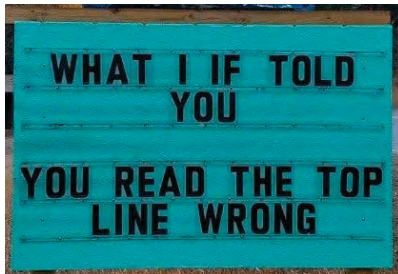

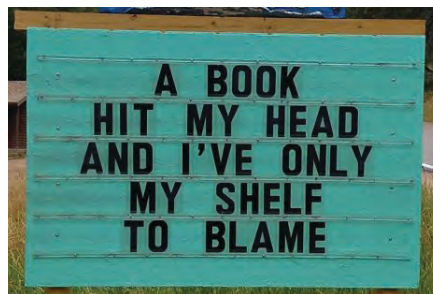

Tip: If the salmon mixture is too moist to hold the patty shape, add more breadcrumbs. If it is too dry, add an extra 1 Tbsp mayonnaise.

Humble Beginnings to Master of Science Fiction

Herbert George Wells (1866–1946) wasn't just a writer; he was a visionary inventor of worlds, a social critic, and a giant of science fiction. His life, marked by poverty, ambition, and social conscience, unfolded like one of his fantastical tales, leaving an enduring mark on literature and beyond.

Early Struggles and Education

Born in Bromley, England, to a working-class family, Wells faced financial hardship from a young age. Despite dropping out of formal education early, he possessed a voracious hunger for knowledge, devouring books and eventually earning a scholarship to study biology at the University of London.

From Science to Fiction

While initially pursuing a scientific career, Wells's imagination soon turned towards creative writing. Influenced by Jules Verne and inspired by scientific advancements, he began crafting stories that explored the potential and perils of technology and society. His early works, like *"The Time Machine"* (1895) and *"The War of the Worlds"* (1898), established him as a pioneer of science fiction, thrilling readers with imaginative worlds and thought-provoking ideas.

Beyond Dystopian Visions

While known for his darker futuristic visions, Wells's pen spanned multiple genres. He wrote realistic novels like *"Kipps"* (1905) and *"Tono-Bungay"* (1909) that satirized social class and materialism. He also penned philosophical works like *"A Short History of the World"* (1922) and engaged in active social commentary, advocating for socialism and world peace.

A Life Intertwined with History

Wells lived through tumultuous times, witnessing the rise and fall of empires, the horrors of World War I, and the dawn of the atomic age. These experiences deeply influenced his work, as themes of war, progress, and human responsibility permeated his later writings.

A Legacy Beyond Genres

Despite facing occasional criticism for his socialist leanings and occasional scientific inaccuracies, Wells's impact is undeniable. He popularized science fiction, inspired countless writers, and sparked scientific and social discourse. His stories continue to capture readers' imaginations, while his social commentary remains relevant even today.
